

## Gingerbread couple by Miss Daisy

### Materials:

100% Cotton yarn (colors of the picture or the ones you prefer) thread for eye and mouth embroidery, felt fabric for nose and cheeks, poly fil to stuff the doll, ergonomic hook of 2.5mm, scissors, silicon glue and embroidery needle. I also used plastic beads as the cherries.

### Procedure for both dolls:

Knit all parts following instructions, stuff and sew according to pictures. Arms are not fully stuffed. Eyes and mouth are embroidered. Attach the felt pieces and cherry with glue, also the hair, leaf and candy hair pin.
